

COTTON, COTTON, COTTON - a major agriculture related industry in Cameron is the Cameron Cotton Compress Co. which employs about 30 men during peak season. Here Terry Hardwick loads bales of cotton

part of the Milam County crop, for shipment to mills. Compress manager Jimmy Angell said 18 employees are now working and about 30,000 bales of cotton are in storage.

# 107

## With F.M.L.

You hear or people buying lots of things, but an antiquarian would spin his head off, like an old owl, if he saw this Herald classified.

"WE ARE BUYING - Elephant tusks, used oboes, side saddles, callopes, suits of armor and whale oil....."

It was placed this week by Michalka and Sanders, Gems and Rockcraft at 303 West 4th St.

The topper would be if that Herald employee would take that gallon of whale oil down there and sell it to them. They can't afford electricity the way we pay 'em.

We might even be surprised what else might turn up. An old circus might pass through and leave a callopie and the "white knight" might collide with a truck at Fourth and Travis and leave his skin.

Lady Godiva might ride through, and that would mean more collisions, strained eyeballs and general disbelief, and leave a side saddle.

And that same circus might not feed its elephants enough peanuts or have enough peanuts to feed them, and have to heck some tusks to get to winter quarters in Sarasota, Fla.

And 107 bets no one expected to get that much mileage for the six bits or so that ad cost in Herald classified.

Better yet, 107 could offer Martin to round up all these interesting things. He has miniatures of most of them in his pockets anyhow.

The only thing his pockets fail to yield is a very crumpled bird of paradise.

He doesn't need these gadgets that make "creepy crawlers" or congeal "thing makers."

His typical menagerie runs to woolly worms, the house cat, bird feathers (that is as close as he can get), grasshoppers (in season) and wriggly worms.

So it would be nothing for a boy like Martin to answer such an ad with the goods....or the bads, depending upon whether or not you live in the same house with him.

## Bethel AME Float Wins 1st In Parade

Float winners in the Cameron Christmas Parade Saturday were Bethel AME Church, first place, Brownie Troop 238, second, St. Anthony PTC, third.

Six floats were entered in the parade this year, led by the Yoe High School Band.

## Record Vote Seen

# Dual Ballot For Cotton

Alva Sanders, manager of the Milam County ASCS office said about 50 ballots had been returned by mid-week in voting on Market Quotas for the 1967 upland cotton crop and the Cotton Research and Promotion Act.

Sanders said ballots had been mailed to about 1300 eligible cotton growers in the dual mail referendum, and predicted a record vote considering ballots already returned.

Last year voting for the market quotas was in polling centers around the county and a total of only 482 ballots were cast. The 1966 marketing quota proposal, similar to the one for 1967, carried in Milam County with 445 for and 37 against. The proposal was approved nationwide by about a 91 percent vote.

Sanders said farmers have until 5 p.m. Friday to return their ballots to the ASCS office in Cameron.

## City To Vaccinate, Register Dogs Sat.

Dogs will be vaccinated at City Hall in Cameron from 1 to 4 p.m. Saturday.

Police Chief Frank Chapman said dog owners can register their dogs and buy their licenses Saturday, or they may purchase them in advance at City Hall.

Vaccinations will be given at the back of the police station, he said.

They will also be counted if mailed by Friday.

If approved by a two-thirds majority, the Research and Promotion Act would provide for a uniform assessment of \$1 per bale from cotton producers to develop a program for cotton research and promotion to strengthen the competitive position of cotton and to

expand domestic and foreign markets and usage of American Upland cotton.

The assessment would start at the beginning of the coming for the 1967 crop.

The proposed act also establishes a Cotton Board whose members would be nominated by state and area producer organizations and appointed on an area representative basis by the U.S. Secretary of Agriculture.

In the marketing quota referendum a vote of two thirds approving the quota would mean a program similar to the one this year which gave cooperators 9.42 cents per pound price support payment on 65 percent of his allotment times the projected yield for his farm. A producer could divert from 12 1/2 to 35 percent of his allotment and receive 10.5 cents times his projected yield for each acre diverted.

If the marketing quota referendum is defeated in voting this week there will be no diversion program in 1967, no price support or diversion payments, and no penalties for exceeding the cotton allotments. Loans would be at 50 percent (about 21 cents) of parity, if the cotton allotment is not exceeded according to ASCS officials.

Sanders emphasized that although the ballots had been mailed together, voting on the two proposals would be entirely separate.

**WOW ONLY 14 SHOPPING DAYS 'TIL CHRISTMAS**

**SHOP CAMERON THE CHRISTMAS CITY**

# A Cappella Choir Concert Slated

The Mary Hardin-Baylor a cappella Choir will present a program of Christmas music at the Cameron Public Library at 7:30 p.m. Monday, December 12.

This will be the fourth program presented for the Friends of the Cameron Library, a group organized this year with more than 200 members to aid and support the local library.

Dr. James Luck, director of music at Mary Hardin-Baylor, will direct the 35 member choir. The outstanding group of women's voices presents concerts through the state each year. This will be their first appearance in Cameron.

Dr. Luck was director last year of the Central Texas Symphony Orchestra which presented a popular program of symphonic and modern musical works in Cameron. Members of the Civic Garden Club will be hostesses for the meeting and will serve refreshments following the program.

Mrs. Perry Holder, president of

Library Friends, said they were expecting a large attendance for the evening music concert.

Dr. James Luck

## 5 Men Sentenced In District Court On Three Charges

A petit jury in District Court heard three cases Wednesday, November 30, and found the defendants guilty in each indictment.

John W. Wills and Billy Gene Wilkerson of Waco were tried on a charge of attempted burglary in connection with an attempted entry at the Piggly Wiggly Store in Rockdale on May 5.

County Attorney John Henderson said both defendants pleaded not guilty, however the jury verdict was guilty and the judgement set at two years confinement in the Texas Department of Corrections at Huntsville.

Curtis Johnson of Rockdale and Richard Williams of Thorndale pleaded guilty to felony theft in the case of the theft of a pocket watch from Elmo Jackson of Milano on May 29. The men were tried together and each given a five-year probated sentence.

Harry Gilbert of Gause pleaded guilty to driving while intoxicated (second offense) and was assessed a five-year probated sentence.

# Housing Units Talked... 'Port Work Moves Rotary Conclave Will Hear Barnes

## BASEWORK STABILIZER IS ADDED

E. E. Johnson, airport engineer from Caldwell, Tuesday told councilmen that a stabilizing "admix" was being added to the base at Cameron Airport.

Work is well underway toward completion, he said, and is ahead in some instances. Representatives of the Federal Aviation Agency have been making periodic checks on work at the new Airpark.

Compaction tests have been run and the additive has been called for to further stabilize the base before paving is put down in early spring, officials said.

## LIGHTS COMING

Work is to begin soon on installation of runway lights. Wind socks has been raised and the fencing completed.

The present hangar and the former cafe building have been painted.

Councilmen and Mayor Bassel Wilson also heard a report from Fred Starnes, spokesman for the Cameron Housing Board, saying that tentative sites are being considered near the present housing for the proposed 50 additional housing units.

## 50 HOUSING UNITS

City Secretary Buddy Fuller said 36 of the 50 units would be designed for the elderly. And a proposal for some center for elderly people being considered. No source of revenue is available, at present, to support such an institution, Fuller told The Herald.

There would also be 14 regular units in the prospect of the duplex grouping of Federal housing units.

Application by the City of Cameron was made about 18 months ago, Fuller recalled. It is believed that approval for the project will be forthcoming.

In other business, Councilmen heard routine reports which included a street department note that base work on Adams at E. Sixth St. and the Santa Fe crossing is completed. The crossing has been widened with the street to accommodate more traffic.

Excavation is completed, according to J. B. Earle's report, and hauling is completed of base material on E. 12th St.

Routine bills were paid.

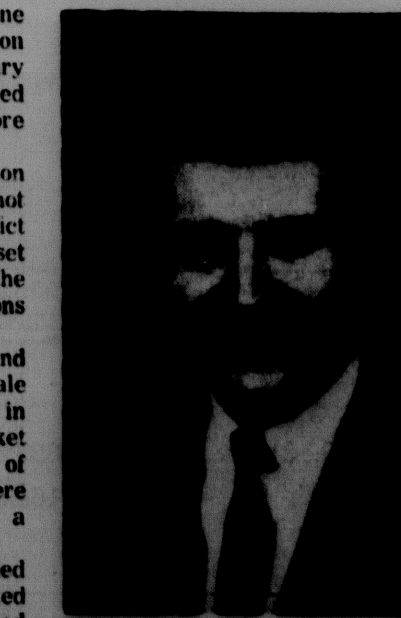

## State Bar Admits Cameron Attorney In Austin Ceremony

Ed P. Magre of Cameron was officially licensed to practice law by the Supreme Court of Texas and welcomed into the State Bar of Texas in ceremonies at Austin Tuesday along with other newly licensed lawyers.

Magre, a native of Crystal City, Missouri, received a BA degree at Baylor University, Waco, in 1964 and an LLB degree from Baylor Law School this year. He is associated with Cameron attorney Don G. Humble.

He was a member of Phi Delta Phi legal fraternity at Baylor, was section editor of the Law Review and on the staff of the Law Lounge Newsletter.

Magre and his wife, Becky who is from Columbus, Georgia, moved to Cameron last week and will make their home at 1704 N. Cleveland.

Ed P. Magre

Cameron Rotary Wednesday will host a conclave of Rockdale and Cameron Rotarians, joined by Cameron Rotarians, when Texas House Speaker Ben Barnes will speak.

A representative of Rotary Governor Arthur Kaspar, of Shiner, will appear in behalf of Rotary District 567, at the 11:30 a.m. function at Methodist Fellowship Hall. The Rotary Governor may attend if other Rotary functions allow.

Other past Rotary district governors have been invited. Part of the Speaker's talk will be filmed by an area television station, according to Frank Luecke, Cameron Rotary president.

About 130 civic leaders from the Central Texas area are expected to hear Speaker Barnes, now 38, youngest man since Reconstruction to hold the post. He will be introduced by State Rep. Milton Schiller, a Cameron Rotarian and program chairman for the day.

Dinner background music will be provided by Mrs. Winnie Wilfifi, Cameron Rotary accompanist, and a boys glee club under the direction of Francis Cox, YHS band

director. The group will also present one feature number.

The Speaker was named one of the Five Outstanding Young Texans by the Texas Junior Chamber of Commerce in 1965. McMurry College in 1966 conferred an honorary doctor of laws degree on the Speaker. And he was elected

Speaker Ben Barnes

vice-chairman of the Southern Conference of the Council of State Governments this year.

In the House, Barnes has helped mold constructive legislation, particularly in education.

He was an honor student and athlete at DeLeon High School. After transferring to the University of Texas, he was on the Dean's List of distinguished students before entering law school. He previously attended Texas Christian University. In private life, Speaker Barnes has ranching and farming interests and is in the construction business.

Before entering the University, Barnes married Martha Jane Morgan. They have two children, Greg and Amy.

Barnes served two terms from his West Texas district being elected speaker.

This will be the second joint meeting of Cameron Lions and Rotarians in recent weeks. And it is the first inter-city function for Cameron and Rockdale Rotary since a tri-city meet with Hearne here a few years ago.

The Texan will cater the dinner.

# Ducats Soon Out For Grid Dinner

Tickets are going on sale next week for the annual Yoe High School football banquet, scheduled 7 p.m. Tuesday, December 20, at Methodist Fellowship Hall.

Headcoach Bob Wright, athletic

director at Cleburne High School, is the featured speaker.

He is said to be "one of the best after-dinner speakers in the state."

Members of the 1966 Yoe High School regional finalists, their dates, parents and members of Cameron Booster Club make the crowd that usually packs the annual YHS banquet.

Tickets will be available next week, according to Ken Fuqua, headcoach of the YHS gridteam, and program arranger for the banquet.

Wright-coached football teams have won 35 and lost 17 in six years. He started as a linecoach at Olney High School, working later at Brownwood High School, Howard Payne College before becoming headcoach at Ballinger in 1960.

He attended Texas University and Howard Payne College where he played guard and linebacker.

He serves on the selection committee of the Class AAA South All-stars of Texas High School Coaches Association.

## United Fund Pays \$5,325 To Four Service Agencies

The United Fund of Cameron has forwarded checks totaling \$5,325 for three-fourths of the \$7,500 total raised for the four participating agencies.

Delivered Wednesday by James D. Camp, co-chairman of the United Fund here, were:

Checks for American Red Cross, \$1,575; Girl Scouts, \$675; Salvation Army, \$1,500; and Boy Scouts, \$1,575.

Budgeted for each agency when the final quarter is paid after January 1, for the year, is: Red Cross, \$2,100; Salvation Army, \$2,000; Girl Scouts, \$900; and Boy Scouts, \$2,100.

Cameron raised 105 percent of its \$7,500 goal.

## 12 Make 2nd Team

# 4 Yoemen On All-District

The 17-AA District Champion Yoemen placed four players on the All-District first teams and 12 on All-District second teams.

Wayne Kirk, a junior at Yoe High, was a unanimous choice for end position on the first team defense and Jimmy Kopriva, a senior, was a unanimous choice for guard on the first team offense. Glenn Fogle, a 160 pound junior, was named a back on the first team defense and David Kratochvil, 185 pound senior, was placed on first team offense at tackle.

On the second team, offense, are: Jim Lafferty, jr., End; Ray Urban, sr., Guard; Don Mitchell,

sr., Quarterback; Wayne Kirk, jr., Fullback; Bill Goeke, sr., and Leo Michalka, sr., Halfbacks.

Yoemen on the second team, defense, are: Don Manley, sr., End; Jimmy Kopriva, sr., Tackle; Steve Smith, sr., Tackle; David Barrett, jr., Guard; Bill Goeke, sr., Halfback; Leo Michalka, sr., Halfback.

The All-District teams are:

Defense - Wayne Kirk, jr., Cameron, Mike Kocurek, sr., Caldwell, Ends; James Dubeak, sr., Giddings, Adolph Riso, sr., Hearne, Tackles; Ralph Mutscher, sr., Giddings, and Ronnie Hermann, sr., Navasota, Guards; Bill Carmean,

sr., Giddings, and Larry Eickenhorst, sr., Navasota, Linebackers; Curtis Christiansen, sr., Giddings, Glenn Fogle, jr., Cameron, and Skelly Strong, sr., Caldwell, Backs.

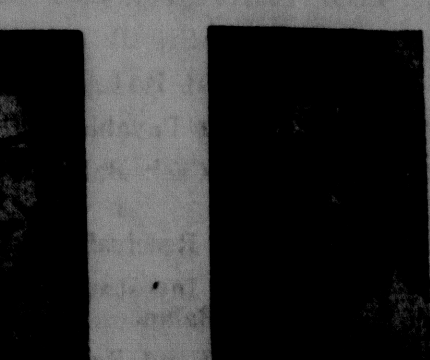

Offense - Marvin Zeig, jr., Hearne, and Garland Horak, sr., Caldwell, Ends; Ralph Mutscher, sr., Giddings, and David Kratochvil, sr., Cameron, Tackles; Ray Cotropia, sr., Hearne and Jimmy Kopriva, sr., Cameron, Guards; Bill Brademan, sr., Giddings, Center; Joe Wilson, sr., Hearne, Quarterback; Charlie Baird, sr., Navasota, Fullback; Pete Martin, jr., Hearne, and Larry Zoch, sr., Giddings, Halfbacks.

### Milam Dairyman Dies; Services Today At Winnie

Gerritt Van Noord, 58, of Rt. 1, Cameron, died at a local hospital in Cameron following a brief illness early Wednesday morning.

Mr. Van Noord was born in Michigan, but had moved to Cameron 18 months ago when he bought the Billie Ellis Dairy on Rt. 1, Cameron.

Surviving are his wife, Mrs. G. Van Noord of Rt. 1, Cameron; two sons, Gerritt Van Noord Jr. of Winnie and Eugene Van Noord of Cameron; five daughters, Miss Ruth Van Noord of Cameron, Mrs. Esther Piers of Ft. Lauderdale, Fla., Mrs. Laura Mae DeWitt, Mrs. Sharon Brinks and Mrs. Viola DeVries of Grand Rapids, Michigan; four brothers, Rufus Van Noord of Wayland, Mich., Fred Van Noord of Jamestown, Mich., Henry and Robert Van Noord of Grand Rapids, Mich.; four sisters, Mrs. Henrietta Swanson, Mrs. Gertrude Hoppen, Miss Lillian Van Noord of Grand Rapids, Mich., and Mrs. Jeannette Hoolsema of Cutlerville, Mich. Also 14 grandchildren.

Funeral services will be held at Winnie, Texas today (Thursday) with burial in Grand Rapids, Michigan Friday.

Green Funeral Home was in charge of local arrangements.

### DKG Members Have Christmas Luncheon

Members of Beta Nu and Beta Beta Chapters of Delta Kappa Gamma held their annual joint Christmas luncheon-party at Hamilton House, Waco, Saturday.

Beta Nu's contribution to the program was a piano medley of Christmas music entitled "Christmas Rhapsody" played by Miss Patsy Fischer of Rosebud.

Mrs. J. Bruce Parks of Valley Mills presented "The First Creche", a beautifully told Christmas story.

Hamilton House of Victorian architecture and furnishings gave a pleasing setting for the luncheon as it was gaily decorated for the holiday season.

Exchange of gifts preceded the luncheon, an epicurean highlight. Guests were seated around magnificent old round and oval tables. Mrs. Roy Hensley, Mrs. Arnett Zelisko, and Mrs. J. D. Lewis, were among the forty-six guests. Next meeting will be a breakfast at 8:30 a.m. at Lott.

### FARMERS TAX GUIDES

Copies of the 1967 Farmers Tax Guide are now available from the offices of county agents or the Internal Revenue Service. These guides, says James Mallett, area farm management specialist at Texas A&M University, contain the latest information farmers will need in filing their income tax returns.

**A GLIMPSE OF HEMISFAIR**—The accidental meeting of some Braniff International hostesses in their new Pucci-designed uniforms and some girls posing at HemisFair '68 headquarters in traditional Mexican costumes resulted in this "something old, something new" picture. This is just the sort of happenstance that intrigues HemisFair officials, who plan the San Antonio World's Fair as a colorful mixture of the ancient and futuristic. The Fair, which runs from April 6 to October 6, 1968, expects the participation of some 37 private industrial exhibitors and more than 30 nations from every continent. The girls are Misses Iree Van Cleave and Susan Greenwood (L and R) of Dallas, and Estela Yvonne Herrera (C) of San Antonio.

### OUTDOORS IN TEXAS

By Vern Sanford

There's a best time and a best place for everything when it comes to fishing Texas' golden gulf coast.

Certain species of fish can be caught the year-around. However, to latch onto the others a fellow must pick specific months or seasons.

There are, primarily, four species of the year-arounders. In this group are the speckled trout, redfish, red snapper and sand trout. But, even with these species, there are months when they are most plentiful.

For example - the red snapper. These fish are taken at the offshore banks. If you want consistently big snappers, confine your fishing to the cold weather months.

There are two peak seasons for speckled trout. October through December is one. May through July is the other.

Redfish runs in the surf are in the late August through November period, and then out in jetty waters in the May-July period.

Sand trout are most plentiful March through May.

Migratory fish move into Texas waters when the warming trend begins. When a species first appears off Port Isabel at the southern tip of the state, anglers on the upper coast can expect these fish to arrive in their waters anywhere from two weeks to a month later.

This wait period varies due to late season northerners that can slow northward migrations.

Forerunner of the warm weather fish is the gafftopsail catfish. It starts showing up in March and it is closely followed by jackfish, Spanish mackerel and ling in that order.

What could be called the migratory fishing season ranges from May through September. In this period anglers will find kingfish, tarpon, sailfish, marlin, bonito, pompano, jackfish, ling, and dolphin.

Even though this migratory period covers roughly five months, the best fishing for some of the species mentioned is packed into a two or three month period.

Consider kingfish and bonito. Fishermen out in the June-August period will have the most consistent luck.

Fall months of each year offer fast action on several species of fish. These include golden croakers, sheepshead and flounder. Actually these species can be caught in some degree the year-around.

In the October-November period, however, flounder and golden croaker fishing hit a furious pace. In fact, the fall golden croaker run has gained national attention for the Rollover Fish Pass near Gilchrist on the Bolivar Peninsula. This quarter-mile long cut on the upper coast has drawn angling

crowds of almost 5,000 per day during the height of the croaker runs.

Flounder during October-November usually are quite plentiful

### —PERSONAL MENTION—

Mr. and Mrs. W. A. Gilbert of Toronto, Ontario, Canada are in Cameron to spend the winter with her mother, Mrs. Ella Hooks Dobbins. They arrived in time to attend the wedding of Miss Francis Ronshausen (daughter of Mrs. Eloise Rogers Ronshausen, formerly of Cameron) in Port Arthur. On Friday they went to San Antonio to spend the weekend with Mr. and Mrs. H. L. Cain of Mexico City and Mrs. Dobbins visited her cousin, Mrs. Fenny Armstrong Murrah. The Gilberts will leave December 13 to join the Cains for

on the step-offs bordering channels and cuts. These fish are great eating and offer wonderful sport on light tackle.

Dead of winter, more often than not, is an unpleasant time of the year. But it is not as bad for fishing as most people suppose. For one thing speckled trout and redfish usually can be found in protected areas that have holes of deep water. Two of the better known spots are the Boat Basin at Rockport and Offat's Bayou at Galveston.

Dead of winter weather seriously limits offshore fishing. But when the days are good and the boats can get out to the offshore banks, the winter months are the time for those big warsaw that range in size from 50 to 300 pounds.

Christmas holidays in Mexico City and Cuernavaca, Mexico.

Visitors in the home of Mrs. Berta Caddell last weekend were Mrs. Juanita Henderson of Pasadena, Miss Jeanie Cornelius of Houston and Mr. and Mrs. Don Henderson of Waco.

### Open House Will Honor Mrs. Kinard

Mrs. Allie Kinard will be honored at an open house Saturday, December 10 on her 81st birthday. Her daughters, Mrs. Gladys Spelce, Mrs. Lloyd Travis and Mrs. Melvin Ford will be hostesses for the reception at Mrs. Spelce's home, 606 Park Place in Austin.

Mrs. Kenard was a former resident of Cameron and her many friends here are invited to the open house.

### Luncheon Honors Mrs. Gillis Graham

Mrs. William Gilbert honored Mrs. Graham Gillis at a luncheon last Thursday at Stage Coach Inn, Salado, on the occasion of Mrs. Gillis' birthday.

Fourteen guests were included. Mrs. Gilbert is the former Martha Law Hicks.

### Lutherans To Host Open House Sunday

The American Lutheran Church Women of Hope Lutheran Church in Buckholts will host a Christmas Open House and Tea Sunday, December 11.

The public is invited from 3 to 5 p.m.

To Mr. and Mrs. Rufus Tom Floyd Sr., Cameron, a girl, Audrey Yvonne, 7 pounds, born 9:36 p.m. November 30 at St. Edward Hospital.

## Milano

By Mrs. Billie J. Warren

The regular meeting of the Milano PTA was Thursday night at 7:30 in the school cafeteria. The business meeting was held and the program followed. Mr. Bill Champion directed the Junior High and High School Choirs in a number of Christmas Carols. The 11th grade won the attendance Banner. The 5th and 6th grades were in charge of the social hour.

Mr. and Mrs. J. C. Barfield and family visited her sister, Mr. and Mrs. Richard Yount and daughters of Bryan Saturday.

Miss Gertrude Jones has returned home after visiting her brother, Mr. Ernest Jones of Dallas. He is reported to be much better after a recent illness. A guest of Miss Jones this week was Mrs. G. W. Manley of Deer Park.

Mrs. V. W. Brooks has returned to her home here after a visit to her daughter, Mr. and Mrs. Roy Fleming of Houston.

Mr. and Mrs. Billy Warren of Bryan visited his father, Mr. and Mrs. Frank Warren and girls Sunday.

Mrs. Ray Smith and children of Calvert were guests of Mr. and Mrs. Carol Davidson and family Sunday.

Mr. and Mrs. Norris Baggett and family of Nacogdoches spent the weekend with his mother, Mrs. Zelma Baggett.

Several from here attended the Singing at Tanglewood Sunday afternoon.

Mr. and Mrs. Eugene Morgan and son of Bryan, Mr. and Mrs. Clifford Morgan and daughter of Rockdale and Mr. and Mrs. Jeff Morgan Jr. of Houston visited Mr. and Mrs. Jeff Morgan over the weekend.

Mr. and Mrs. R. L. Porter visited last Wednesday evening in the home of his mother, Mrs. H. G. Porter in Caldwell.

To Mr. and Mrs. Victoria Cerda Ruckholts, a boy, Todor, 8 pounds 10 ounces, born 10:46 a.m. November 22 at St. Edward Hospital.

To Mr. and Mrs. Ray Vega Jr., Ben Arnold, a girl, Irene Ann, 6 pounds 4 ounces, born 5:45 p.m. November 28 at St. Edward Hospital.

## Go-Go-Go Scotch Fudge Teen Delight

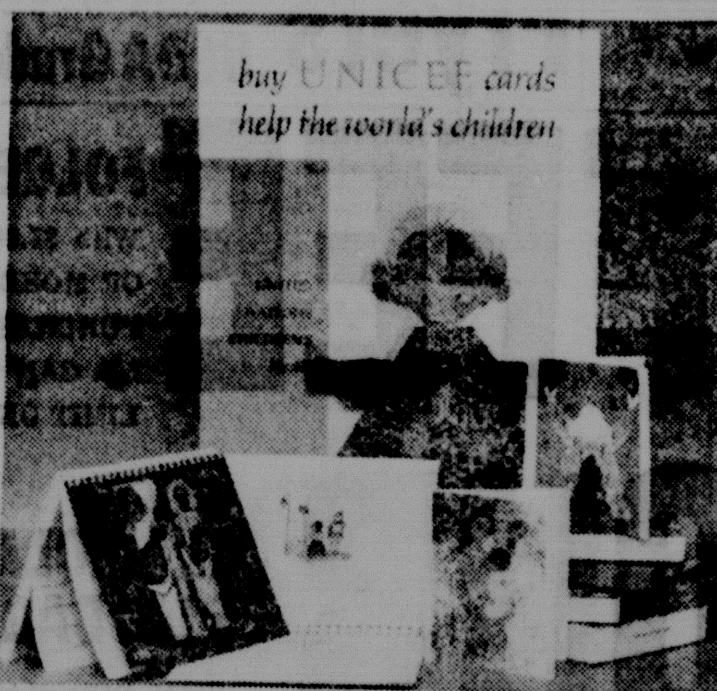

Here's a great foolproof butterscotch fudge for teenagers — and they can do it themselves. Mom. There's no measuring ingredients go straight from containers to cookery with nary a measuring cup. There's no fancy work with candy thermometers. There are only three ingredients in Go-Go-Go Scotch Fudge and they all work to the best advantage. The first ingredient, butterscotch flavored morsels, blends with the second ingredient, peanut butter, to create a wonderfully rich and different flavor big and little kids will go for. Sweetened condensed milk, the third ingredient, gives the fudge a smooth, creamy texture that won't get grainy.

### Go-Go-Go Scotch Fudge

2 6-ounce packages (2 cups) butterscotch flavored morsels  
1 12 ounce jar (1 1/4 cups) peanut butter  
1 14 ounce can (1 1/4 cups) sweetened condensed milk

Combine butterscotch morsels and peanut butter in top of double boiler. Place over hot (not boiling) water; stir until butterscotch melts and mixture is smooth. Remove from water. Add sweetened condensed milk; stir until well blended. Turn into foil lined 8-inch square pan. Chill until firm. Cut in 1-inch squares. Store in covered container.  
YIELD: 64 pieces.

YULETIDE GIFTS which will save young lives are offered by Nobel prize-winning United Nations Children's Fund, UNICEF. Greeting Cards, right, include 13 designs by world-famous artists, cost \$1.25 a box of ten. Engagement Calendar, left, features 52 lovely paintings (\$2.50 ppd.). Free full color brochure from UNICEF, P.O. Box 22, Church St. Station, New York 10006.

THE CAMERON  
HERALD

## Lost In Penetrations

# OJT, Tatum Tie 6-6 In State Semi-Finals

### Henderson - Special to The Herald

The Bulldogs met the Mayflower Panthers of Tatum in Henderson Saturday night and battled to a 6-6 deadlock in Class A schoolboy semi-finals.

The Panthers nosed out the Bulldogs in penetrations 3-2 with the Bulldogs having the edge on the Panthers in first downs 3-7, and total offense.

Tough may be descriptive of the Panthers, but the Bulldogs were tough too, when the fumble bug was not biting. Ground-level fog, thirty degree temperatures and hard hitting hampered both teams but apparently the Bulldogs were the harder hit by the former two, respectively.

It took about the first 13 minutes for the Bulldogs to prove they came to play football. The Panthers had penetrated the 20 as the result of a fumble, the first of six the Bulldogs lost, when they dug in and held for four downs allowing the Panthers to move two yards in four downs to the Bulldogs' two yard line.

The Bulldogs took over from there and marched 98 yards for 6 points with Holloway, Ray and Petty working out of the backfield from Smith and Aycox at quarterback, and Townsend and Nelson catching short key passes from the ends. Holloway carried the final four yards, taking a hand off from Aycox. What proved to be the all-important PAT failed on Holloway's crash at right tackle.

At half-time the Bulldogs went to the dressing room with a 6-0 lead, one penetration and seven first downs. The Panthers had two penetrations and three first downs, and trailed in total offense 1-3.

Opening the third quarter the Panthers quickly showed their visitors and the few shivering fans in the cold stands, they too were there to play football. They rushed for three first downs and by this time they had good field position and took to the air several of the few times either team sued the air lanes.

The Bulldogs arose to the occasion forcing a punt and had to work carefully deep in their territory and at this point the fourth quarter had come: the Bulldogs were faced with the common third down and short yardage, this time it was less than three. The fumble bug bit a deadly bite - to the Bulldogs.

The Panthers' "patented" power sweep worked to perfection, coming back to the "weak side", going twenty yards to deadlock the game as it ended. The Dogs dug in to stop the go-ahead PAT.

With eight minutes left in the game, the Dogs had rushed to the Cats' 3 yard line with everybody in the stands about to concede the go-ahead touchdown. It was third and three again and the coaches had already decided the next play, if third down failed to produce a score - but the fumble bug bit again - and may be, the hardest.

Two plays later, Townsend trapped a Panther for what was thought to be a go-ahead two pointer, a safety, but it was ruled the forward progress was the goal line. Townsend again nailed the flanked halfback who took a lateral pass behind the goal, and the ruling was the same.

The Panthers finally punted out to the 22 where J. L. Williams moved a yard and was knocked out of bounds. The fumble bug bit again on the next play, pre-

venting the Dogs from getting the tying penetration and the statistical nod in the first down department.

By now the clock was showing less than two minutes and the Bulldogs forced the Panthers to kick; the punt was out to the 35 but the Cats were off side, and the Dogs chose to take the penalty and another chance to block the punt, or hoping for shorter punt.

It was five yards shorter, but to the 30; Williams who had run several back that distance this season,

decided to play it at the last second and by that time, the Cats were down on him. The fumble bug died by having his stinger left in the Dogs.

The final 120 seconds ticked off without any scoring efforts by the Panthers, thinking they had the statistical edge - they did.

The outstanding Bulldogs - too numerous to list, were the same as have been all season.

Tatum will take on the big Eleven from Wiregate, the crashers of the Elgin Eagles 44-6, as the

Bulldogs prepare to try their hands at the round, bouncing ball.

## BIRTHS

### MFB Members Set Christmas Party

H. M. Yager, Program Chairman for the Milam County Farm Bureau has announced a Christmas Party for Farm Bureau members and their families to be given on Thursday, December 15, at 7:30 p.m. in the Methodist Fellowship Hall, Cameron.

Santa Claus will be present to visit with the children and distribute candy.

The three High School students, Sara Arthur, Linda Darilek and Paul Willie who attended the Farm Bureau Citizenship Seminar will speak. Danny Thweatt will direct group singing of Christmas carols and Christie Clark will accompany on the piano. Mr. Francis Cox, Yoe High School Band Director, will direct a group in Christ-

### RUG SHAMPOO EQUIPMENT

Everything you need to shampoo your rugs and carpets quickly and easily. Clarke Shampoo Equipment and magic sanitizing fluid assure sparkling results with ease.

Rental charge only **\$6.** per day

For A Limited Time Only, We Will Furnish The First 5 1/2 Oz. Can of Clark "C" Rug Shampoo For Half Price.

**Cameron Lumber Co.**  
ACROSS FROM CITY HALL

### mas Music.

A drawing by all Farm Bureau members for 3 Safemark tires will also be held.

Refreshments will be served by the Farm Bureau Directors' wives. Serving on the Program Committee are H. M. Yager, Chairman, Mrs. Berenice Charles, Mrs. Edwin Lehman, Calvin Cobb, Robert Jungmann, Clifford Angell, and Tommy Chamberlain.

### Panel Highlights Careers For Women In Home Economics

The Yoe Chapter of Future Homemakers met November 29, in the Yoe High Home Economics Department for a panel discussion on "Careers for Girls".

Mrs. Edna Lee Capps, head of the Home Economics Department at Mary Hardin Baylor College, explained what courses a girl must take while in high school and the other qualifications of a home economics teacher.

Miss Carol Bennett, Home Demonstration Agent, from Milam County told the FHA girls and guests of the responsibilities and duties of a Home Demonstration agent.

Bill Ballard from Temple Commercial College spoke about the many career opportunities for secretaries. He stressed training, time and effort.

Mrs. Vicki Boren from the Nancy Taylor Charm School, which is associated with Durhams Business College, gave an outline of the many different aspects of charm and how important it is in any job.

Mrs. Gloria Perkins, school nurse for the Cameron Schools, described the qualities for a prospective nurse. She explained the courses that should be taken in high school and the types of degrees in nursing.

The final speaker, Mrs. Carroll Green, told of the importance of homemaking calling it the "gem of life."

Refreshments were served following the program.

Mr. and Mrs. T. H. Mosley of Orange, Texas, announce the recent marriage of their daughter Carolyn Marie Mosley to James Tracy Bland Jr., son of Mr. and Mrs. J. T. Bland Sr., of Orange. Mrs. Bland is the granddaughter of Mr. and Mrs. B. B. Reynolds and great-grandniece of Mr. and Mrs. R. H. Adams. The wedding took place in the home of Rev. Billy R. Mosley, officiant for the double ring ceremony.

### Open House Honors Couple Wed 60 Years

Mr. and Mrs. Raleigh L. Storey will celebrate their 60th wedding anniversary with an open house given by sons and daughters from two to five p.m. Sunday, December 11, at 1539 Arlington in Houston.

Mr. and Mrs. Storey, former Cameron residents, moved to Houston in recent years.

### Bank Personal Loans help us in many ways!

### Services Held For Mrs. Watters, 81, Milam County Native

Mrs. Leetha Watters, 81, died Thursday evening following a brief illness. She was a native of Milam County.

Funeral services were held at 2 p.m. Saturday from the Chapel of Green's Funeral Home in Cameron with Rev. H. M. Bowley officiating. Interment was in Oak Hill Cemetery. Grandsons were pallbearers.

She is survived by four daughters, Mrs. Edna Hall of Munday, Mrs. J. R. Wood of New Braunfels, Mrs. R. L. Rinn of San Antonio and Mrs. Flora Moon of Houston, three sons, Kenneth C. Hamill of Brownwood, Bob Hamill and Bill Hamill of San Antonio and one sister, Mrs. R. H. Adams of Cameron. She is also survived by a number of grandchildren and great grandchildren.

### Miss Duncan Weds Carl Ray Thorp In San Angelo Church

Miss Barbara Susan Duncan and Seaman 4-C Carl Ray Thorp were married at Sacred Heart Cathedral in San Angelo September 9. The Rev. Russell Schulta officiated.

The bride is the daughter of Mr. and Mrs. Roy A. Duncan of San Angelo and the granddaughter of Mrs. Berta Caddell, Rt. 2, Rogers. The bridegroom is the son of Mrs. Juanita Thorp of San Angelo and Hubert Thorp of Dallas.

Designed and made by her sister, Mrs. D. D. Liverman of San Antonio, the bride's gown of peau de soie had an Empire waist applique with pearl-embroidered French lace and a detachable Watteau train. She wore a veil which belongs to Mrs. Alan Seibender of San Antonio.

Honor attendants were Mrs. Liverman and Derrell Duncan, brother of the bride. James Duncan of Ft. Worth and Ben Duncan ushered.

Mrs. Ben Duncan registered guests at the reception in the home of the bride's parents.

A graduate of San Angelo Central High School, the bride is a senior student in Shannon Hospital School of Nursing. She was a member of the French and Latin clubs and treasurer of the Future Nurses Club. The bridegroom was graduated from SACHS also and is serving in the U. S. Navy aboard the USS Hancock.

### WEEDS ARE EXPENSIVE

Weeds, including the cost of controlling them, are responsible for national losses to agricultural productivity amounting to around \$5 billion annually, reports Jack Price leader for agricultural chemicals program, Texas Agricultural Extension Service. He adds that herbicides are becoming increasingly important in the fight against weeds and brush. Their use is making it possible for farmers to produce more and better food for American consumers and at very reasonable prices.

## The Cameron Herald

## Schiller Reviews Study Of California Agriculture

**Special to The Herald**  
State Rep. Milton Schiller, of Cameron returned recently from a trip to California where he was a member of a committee of four Texans that made a study of agriculture methods and marketing in that state.

The group left Austin by plane on Sunday, November 6, and returned from the five-day tour on Friday.

Rep. Schiller said he believed the committee gained a good deal of useful information on the trip. "Out there in California they made an early start in agriculture research," he explained, "so they are ahead of us in some things, especially in marketing and advertising. But much of this information can be passed on to our farmers and cattlemen here - and also it can serve as a basis for new laws to aid agriculture that possibly may be considered in the next session of the Legislature."

Schiller, who represents the 27th District of Falls, Robertson and Milam Counties, was appointed to the House Interim Committee on Agriculture by Speaker Ben Barnes early this year, and so was selected as a member to make the California fact-finding trip. Other members of the committee were Representative Delvin Jones of Lubbock, Deputy Commissioner of Agriculture Bill Pieratt and Ben Baistson, a market research specialist.

### START AT CAPITOL

The group was met by personnel of California's Department of Agriculture when it arrived by jet in San Francisco Sunday evening, and they were guests of the Department during their entire tour of the state.

On Monday morning the committee went by plane to Sacramento, where they were guests at a meeting of the Assembly's Agriculture Committee, and afterwards met with the Deputy Director of Agriculture in his office in the State Capitol. At noon they were luncheon guests of the administrative assistant to House Speaker Jesse Unruh.

That afternoon they were taken by automobile to the branch of the University of California at Davis, where they were briefed by agriculture research specialists

and marketing specialists on the most up-to-date methods used in California.

The three days following were spent by the four Texans out in the field getting a look at a wide cross-section of California agriculture operations - everything from the Almond Growers co-operative near Sacramento in the north to a cotton growers association in the south, near Bakersfield.

Among them were field trips to walnut, grape and almond growing area between Sacramento and Fresno - also orange and citrus groves, and a big feed lot and cattle raising operation near Bakersfield. And visits were made to the Rice Growers Association, a tomato co-operative, the California Grape Growers co-operative, the big Sun-Maid plant and the Gallo winery.

### LONG STAPLE COTTON

Probably one of the most interesting things seen by the committee, Schiller said, was the Cal-Cot operation near Bakersfield. Cal-Cot has developed an improved variety of long staple cotton which is in great demand both in United States markets and abroad. It brings 9½ cents a pound more than Texas cotton. A number of the specialists employed in Cal-Cot's organization are graduates of Texas A&M University and helped develop the long staple cotton.

The inspection tour was concluded on Thursday evening when the committee went by automobile to Hollywood, where a representative of the Department of Agriculture escorted them on a tour of the movie capitol and Los Angeles.

## PERSONALS-

Mr. and Mrs. Mose Shavers' daughter, Arnell, was in a two-car accident in Austin Friday morning as she was going to work. Her car, a new Pontiac, was struck broadside by a panel truck whose driver failed to stop at a stop sign. Arnell was shook up, treated and X-rayed at the hospital, and released. She and her husband, Ervin Miske, visited her parents Saturday.

## HD Club Notes

By Carol Bennett

The H D Council Christmas party will be held Thursday, December 15, at 2 p.m. at the W.O.W. Hall in Rockdale.

Refreshments and entertainment will be furnished by the New Salem H D Club. Each H D member attending should bring a gift.

Women's lingerie and garments such as blouses, skirts and sweaters, make good Christmas gifts. Such gifts are appropriate and a pleasure to receive if careful consideration is given to their purchase.

Make an effort to find out the correct size worn by the person who is to receive the gift. It is time consuming to have to exchange an item of clothing, and

supplies are often depleted after the holidays. If an item has to be exchanged in spite of all size calculations, tell the receiver of the gift where the garment was purchased.

Also, consider the color and style preference of the person who is to receive the gift. Some people prefer the more tailored styles, while others can wear ruffles and lace. Most people have definite ideas on colors too. Check into the needs of the person.

When making selections, read the labels and hang tags to determine the fiber content and the method of caring for the garment. It may not be convenient to hand wash and drip dry the garment each time it needs cleaning.

## Beltwide Cotton Conference In Dallas Jan. 12

DALLAS

Latest results in research and their application to cost-reducing practices will be explained to cotton producers here January 12-13 during the 1967 Beltwide Cotton Production - Mechanization Conference.

All sessions are open to anyone interested in cotton with no registration fee.

Cotton length, strength, and fineness as influenced by production practices will be a topic during morning sessions the first day. The two-day meeting, sponsored by the National Cotton Council, will be held at the Statler-Hilton.

A panel of experts will explore various aspects and effects on the quality of cottonseed used for planting during first-day afternoon sessions. Also scheduled are discussions on the use of soil and tissue tests as well as new developments to control plant growth and fruiting.

Morning sessions the second day will be devoted almost entirely to the use of chemicals in cotton production. Research results as related to tomorrow's cotton insect control as well as the benefits and potential hazards of pesticide usage will be discussed. Fungicide, insecticide, and herbicide interactions and their effect on stands will be closely examined, and one report will deal with the current status of harvest aid chemical research.

They will also make a final report which will be included in other reports by the House Interim Committee on Agriculture for Speaker Ben Barnes. This possibly can serve as a basis for any new laws to aid agriculture in the upcoming session of the 60th Legislature.

## AUCTION REPORT

There were 700 cattle and 375 hogs consigned to the Cameron livestock auction Thursday. Prices paid were:

## County Agent's Notes . . .

## Brucellosis Test Report

By J. D. Moore

Occasionally stockmen ask for information concerning the status of the Brucellosis testing program in Milam County. According to a report received from C. M. Patterson, Extension Veterinarian, there were 78 negative tests recorded during October, with no suspects and no reactors. For the year, including the October report, a total of 7261 tests were made, 6211 were negative, 931 were suspects and 119 were reactors. The testing work will continue in the county.

Water freeze-up problems around the farm and home can often be prevented by using an inexpensive electric heating cable, says County Agent J. D. Moore. Some places are especially vulnerable to winter freeze-up, such as a short section of exposed pipe in an unheated part of the barn or an outside faucet that must operate. All that

is needed is to wrap the heating cable around the pipe in spiral fashion and plug in into a convenient electrical outlet. The cable can be bought in a wide range of lengths to suit the job, points out the county agent.

It is best to wrap some kind of insulating material around the cable to conserve heat and electricity, he adds. For even more economy and freedom from supervision a thermostat with a built-in sensing element can be used. This will automatically control the on-off operation of the cable.

With the arrival of colder weather, proper feeding of cows and calves takes on important significance, points out Moore. The production efficiency and comfort of a mature cow is not reduced by cold weather, provided she is full of forage, has a dry coat and is exposed to dry still air. The temperature at a given level of feed intake where no additional feed is necessary to maintain body temperature is called the critical temperature. It is slightly above the temperature at which cattle begin to shiver.

A cow on a fasting diet or without any feed will reach the critical temperature at about 55 degrees F. A maintenance ration will lower the critical temperature to about 23 degrees F.

Cattle can keep warm and survive cold weather if they consume sufficient forage. Low-quality roughages high in fiber serve as effective feeds during storms because of the high heat production that results from digesting the fiber in the roughage.

Further information concerning the proper feeding of cattle are available at the county agent's office.

The new 1967 edition of the Farmer's Tax Guide is available at the county agent's office.

## DAIRY HERD REPLACEMENTS

Shannon Carpenter, area dairy specialist for the Texas Agricultural Extension Service, advises dairymen to stop pushing calves to the back side of the farm and

make their herd replacement program the real cornerstone of a successful business. He adds that herd replacements must be as good or better than the animals they replace if progress is to be made in the breeding program. Calves must be developed properly and in addition have the breeding needed to make them profitable milkers.

Extra Grain Yields—  
Top Standability

From

An official County Agent yield test on the Doyle Arnold farm, Buckholts, (Milam County), showed Pioneer hybrid 846 grain sorghum tops in yield. This outstanding hybrid yielded 1019 pounds per acre above the overall average of the eleven varieties tested. It also outyielded all 16 other hybrids tested on the W. E. Beckhusen farm near Buckholts.

Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 3, 1879. Published every Thursday.

## Incentive To Education ....

The Herald's preoccupation with education over the years, drew an incentive, during a recent talk by Dr. Dugger, head of the new Connally Technical Institute in Waco, and a vice-president of A & M University.

He told a Rotary group in Rockdale recently that within an 100-mile radius of Dallas were more functional illiterates than any place in the United States.

This was a basic justification for putting the technical institute into operation, creating skilled people for industry which must balance this area's economy, much like Alcoa balanced, if not saved Milam County's.

When a vice-president of a major university makes such a statement, it is long past time when people orient

themselves further into such a problem. The agriculture base of Central and North Texas remains, but its demands for fewer, but higher trained personnel are real. They parallel the skills needed in industry.

A functional illiterate is a person over 18 who lacks the ability to read or write, primarily because he was never taught. If a high school dropout can't get a job, how can an illiterate?

Connally Tech represents a turn from the once cotton-oriented Central Texas economy to the realism of industrial growth. Cotton itself is becoming, by necessity, a sophisticated industry of modern technic and promotion.

But education, of all kinds, is an essential in Central Texas.

## Cities Need Help ...

National League of Cities has resolved to urge the federal government to stay additional budgeting for space exploration if it means delay of funds for city problems.

Even for small communities, like Cameron, it is imperative that basic services be met or improved if the community is to compete. And this problem is complicated by the need for additional revenue here as local taxes remain fixed to a 10 to 15-year-old standard.

When a choice is drawn, which is most important? The exploding popu-

lation problems in the country or space programs and moonshots?

Is it more important that Cameron's downtown improvements continue or that we beat Russia to the moon?

Though small, the City of Cameron could agree with the proposition urging federal budgeters to examine closely what they trim for economy.

It would be dangerous to turn urban America, and we are urban by definition, back as population pours into it, while most cities, of any size in this country, are struggling to meet their basic needs.

## Honor Roll For Cameron Schools

Ada Henderson honor roll students for the second six week reporting period are:

Fourth Grade - Brenda Sue Gilbert, Vicki Lynn Krenak, Loretta Christine Kunz, Millissa Lester, Janet Miller, Paula Perkins, Ann Wallace, Bobbie Lee Zavodney.

THE ELUSIVE 'BUCK'

Dateline Austin ...

## Budget Favors Water Planning

By Vern Sanford

AUSTIN

New recommendations in the executive budget call for spending \$11,600,000 on the state's water planning, development and administration activities during the next two years.

This is \$6,700,000 more than the present level of \$4,900,000. (A 137 percent increase.)

Broken down by agencies the budget proposals for 1968-1969 call for:

\$7,500,000 for the Texas Water Development Board. (\$3,500,000 more than the present budget of \$4,000,000.)

\$2,400,000 to a separate, greatly-enlarged Water Pollution Control Board. (Presently spending \$103,223.)

\$1,700,000 to the Water Rights Commission. (Now \$792,987.)

These boards requested \$9,400,000; and \$1,160,000 respectively.

Highlights of Gov. John Connally's recommendations include:

Funds for increasing the staff of the Water Development Board to 245 employees (from 182). Also to expand services to implement the statewide water plan and "provide for continued state leadership in water resources planning and development."

Establishment of the Water Pollution Control Board as a separate state agency with its own staff of 45. (It now has only four regular employees.)

Adoption of a strong administrative water rights adjudication act.

Financing a WPCB-River Authority cooperative water quality monitoring and surveillance program in metropolitan-industrial areas (\$375,000 a year) to help formulate beneficial water quality standards and enforce water quality permit conditions.

Continuing supervision of Texas river compacts by the Water Rights Commission.

"These recommendations represent not a cost but an investment for the present and future benefit of all Texas," stated Connally.

**SALT WATER PIT BAN URGED**

A House salt water pollution control committee has asked the Railroad Commission for authority to issue a statewide ban on salt water disposal pits.

Commission has approved no-pit orders for 43 counties and isn't sure a statewide ban is necessary.

House committee also recommended a law against dumping of salt water haulers and disposal operators.

**APPOINTMENTS**

Charles R. Schulte, El Paso attorney, has been named by the governor as judge of 41st District Court of El Paso County to fill the vacancy created by the resignation of Judge David E. Mulcahy.

George M. Cowden, state representative from Waco, will be the state's First Assistant Attorney General when Attorney General-elect Crawford Martin assumes office in January, Martin has announced. A special election will be held on January 7 to choose Cowden's successor in the House.

J. Pat O'Keefe is moving from State Democratic Committee to the Texas Fine Arts Commission as executive director.

Texas Chamber of Commerce Association at its meeting here named Dolph Briscoe of Uvalde its chairman; Jack Drake of Westlake, secretary; and Fred Pool of Longview, treasurer.

**ATTORNEY GENERAL SPEAKS**

County tax assessors cannot "back assess" houses for previous years when they were erroneously left off tax rolls, Atty. Gen. Waggoner Carr held in a Houston controversy.

In other opinions, Carr ruled a

## OLD PHILOSOPHER

Old Philosopher Doesn't Have To Guess Whether Or Not Taxes Will Be Increased In 1967

Editor's note: The Old Philosopher on his Johnson grass farm on the Yegua views the 1967 tax prospects this week.

Dear editor:

According to an article I read in a newspaper last night which somebody threw out of a car near this Johnson grass farm earlier

Knight of the Dallas Times Herald, Statement advised voluntary restraint in publication of confessions, editorials which might influence a jury or a judge, testimony excluded from a jury, reference to past criminal records of the accused and statements of lawyers and officers concerning guilt or innocence prior to trial.

**MIXED DRINK CAMPAIGN**

A large-scale, businesslike campaign for legalization of mixed alcoholic beverages is shaping up quietly behind the scenes.

A House-based Citizens Committee is being organized with high-level membership in all areas. It already has an executive secretary and press agent.

San Antonio's HemisFair and Houston's competition for really-brighttime convention trade will add strength to the biennial campaign to convince the Legislature that liquor laws should be liberalized.

There is no indication the dries have relaxed their opposition.

**MODELS UNVEILED**

The University of Texas has unveiled its models of the Lyndon B. Johnson Library, together with an associated library and research building to house the Lyndon B. Johnson Institute of Public Affairs.

The complex, to cost \$10,750,000, is to be built from income from the University's endowment fund made up of income from its oil lands. Included will be 100,000 square feet of space to house the LBJ papers during his political career. It will be turned over to the National Archives for operation.

A 19-acre hill, covering eight city blocks east of the main university campus, overlooking Memorial Stadium and the campus, will be the library center site.

**WELFARE EXECUTIVE DIES**

John H. Winters, one of the state's senior administrators, died last week following a long illness. The former Potter County commissioner had headed the State Department of Public Welfare since 1943. He was 64.

in the day in violation of the Keep America Beautiful program, although personally I have never considered a copy of the Bugtussle Times any unsightly than a lot of other items I could mention, including me and some other men I could name and you wouldn't print, in fact, if you kept the Keep America Beautiful slogan one hundred percent it'd keep a lot of Congressmen off of television and a lot of lesser men off the streets; at any rate, according to this article some expert has predicted there's a "fifty-fifty chance" taxes will be raised in 1967.

This man obviously is in the dark. I'd say the chances are 100 percent.

Not only for next year, but any other year you want to pick out.

Understand, I'm not saying there's anything wrong with it, but as far as I can tell taxes have gone up every year since the nation was founded, despite the fact two-thirds of the office holders have been elected on a platform to reduce them.

And actually most of them believed they could, until they got in and found out how many people want their taxes reduced and the other fellow's raised. Most Americans demand a good road to the court house to travel in comfort when they go there to demand less spending. I know a big city that tried to economize by sending one man to Washington to ask one committee to lower taxes and another to appropriate half a billion dollars for a waterway in its area. Some spendthrifts would have sent two men.

I'll admit that occasionally some taxes are reduced, but it's only temporary.

The practical man remembers that taxes, like truth crushed to earth, will rise again.

Yours faithfully,  
J. A.

**WALKING SAFELY**

Many hips, legs, and other assorted bones have been broken by slipping on muddy, wet, slimy rocks.

Keep away from the orthopedies by using a little forethought. If you don't have any non-slip boots are wearing non-slip by tacking three bottle caps (corrugated sides down) to the sole of each shoe, in the shape of a triangle.

## Diplomatic Pouch

WASHINGTON DC. The following letters were recently answered by the Department of State.

Would you please send me the name of the Communist Chinese Ambassador to Poland and his address?

D. McK.

San Diego, California

Dear Mr. McK.:

At the present time, the Communist Chinese Ambassador to Poland is Wang Kuo-chuan. The address of the Chinese Embassy in Poland is Embassy of the Chinese Peoples Republic, Banfraterska 1, Warsaw, Poland.

On December 16, 1950, President Harry S. Truman issued a Presidential Proclamation No. 2914 declaring a National Emergency due to the Korean conflict. I was recently told that this Proclamation has never been rescinded or nullified. Is this true?

D. E. F.

Hampton, Va.

Dear Mr. F.:

The state of national emergency declared by President Truman on that date has not been terminated. It has, rather, been confirmed and used by succeeding presidents to enforce the virtual embargoes applied against Communist China, North Korea, North Vietnam, and Cuba by the United States. In other words, while we are not at war, we are -- and have been since 1950 -- in a state of national emergency.

My organization is very interested in current information on the changes in liability limits of the Warsaw Convention, relating to aircraft accidents on international flights. We're particularly interested in whether the \$75,000 liability has been accepted and whether it retains an automatic pay-out feature.

E. M.

Chicago, Illinois

Dear Mr. M.:

Enclosed are copies of two State Department Press Releases which describe the current status of the present interim arrangement for liability protection under the Warsaw Convention. Your attention is drawn to the point that the arrangement relates only to the limitation of liability for provable damage.

If you're tired of trucks that ride like trucks, try a truck that rides like a car.

'67 FORD F-100 RANGER PICKUP

Ford Truck riders have it pretty soft. Even over the roughest Ford

Country roads, new '67 Ford Trucks travel with carlike smoothness. Ford's exclusive Twin-I-Beam front suspension does the trick.

You'd never believe a truck so tough could have such gentle ways.

Maybe that's why so many Ford Country folks often leave their cars home and take the truck on fun-trips.

We've added to the fun for '67 with a new Ranger luxury model. Sit in the cab and you'll think you're in a car.

Test-drive a Ford Pickup at your Ford Dealer's. Even if you've never enjoyed driving a truck, just go along for the ride!

## • Jones Prairie

By Mrs. Bill Thweatt

Mrs. Lena Phipps of Austin was a visitor in Mrs. Bill Thweatt's home over the weekend.

Mr. and Mrs. Art Pach and son of Houston visited her parents, Mr. and Mrs. Willie Phipps Saturday and Sunday.

Mr. and Mrs. Elvin Harwell were called to Houston to attend the funeral of his sister, Mrs. Nora Martin, Saturday.

The women of the Maysfield Methodist Church sponsored a housewarming for Mr. and Mrs. Roy Patzke at their new home Saturday night. A large number of friends and relatives enjoyed the affair.

Mrs. Bill Thweatt spent Thursday with Mrs. Billy Thweatt at Rockdale.

The Rex Jones were at their home over the weekend.

Mrs. Lelloy Massengale, Mrs. Bill Thweatt and Susie Atkinson visited Mrs. Julian Burnett Tuesday afternoon.

Mr. and Mrs. Jimmy Burgess and little daughter and Mrs. Nadine Parker and Walter Gerstberger of Rockdale visited with the Harry Whites Sunday.

Rev. Marvin Gibson was a Sunday dinner guest of Mrs. Eata Black Sunday.

Mr. and Mrs. Pete Lynch of Waco visited Mr. and Mrs. Frank Black Sunday.

Mr. and Mrs. Ben Massengale visited Mr. and Mrs. Eldred Massengale of Maysfield Tuesday.

## • Maysfield

By Mrs. J. P. Wise

Mrs. Vaughn Thweatt and Mrs. Herbert Thweatt attended the funeral of their cousin, Billy Joe Ray in Temple Thursday.

Mr. Fred Jackson, who has been a patient in the VA Hospital in Marlin, came home Friday.

Mrs. Davis and daughter of Houston spent the weekend with their mother and grandmother, Mrs. Hutchinson and daughters.

Mr. and Mrs. Jack Massengale and baby of San Antonio spent several days with his parents, Mr. and Mrs. Eldred Massengale last week. Jack is being transferred to Lovington, New Mexico and will be moving soon.

Miss Marguerite Massengale of Austin visited her parents, Mr. and Mrs. Eldred Massengale Wednesday.

Miss Mary White of Dallas is visiting her mother, Mrs. Vina White.

Mrs. Eldred Massengale and Mrs. W. C. Cooper shopped in Temple Friday.

## PERSONAL

Mr. and Mrs. Jack Belt of Temple have been visiting her mother, Mrs. John Matyastik and Mrs. Nancy Mitchan and sons.

# Alcoa Expansion To Add 20 Jobs

Alcoa has announced a multi-million-dollar program to expand its fabricating facilities to meet the growing aluminum requirements of the electrical wire and cable industry.

President John D. Harper said the company's initial step will be the immediate construction of an addition to its Rockdale Works to house high-speed continuous casting equipment capable of producing electrical conductor redraw rod. Such rod is processed into finished conductors at fabricating plants of Alcoa and its customers. The new operation will provide 15 to 20 additional jobs at the Rockdale plant.

Harper said the Rockdale expansion, to be completed and placed in operation within a year, is the forerunner of other planned casting and fabricating facilities to meet the developing needs of one of aluminum's fastest growing markets.

"The recent adoption of aluminum by many traditional makers of copper conductors will be permanent," Mr. Harper said. "For the first time they are investing heavily in equipment designed especially to fabricate aluminum... not makeshift adaptations of copper-forming machines."

Alcoa's Texas expansion, which alone will require expenditures of several million dollars, will further diversify the Rockdale operation by placing an additional fabricating facility in proximity to a smelter with a rated capacity to produce 175,000 tons of primary aluminum annually. The plant recently installed up-to-date equipment for casting alloy ingot for use by foundries and extruders of aluminum.

Commenting on the Rockdale expansion, Howard F. Chisaco, Rockdale Works Manager, stated, "As usual, all Alcoa operating locations came into consideration when the possibility of increased production of redraw stock was being evaluated."

## Buckholts Sets Carnival Friday

Buckholts High School will sponsor its annual school carnival Friday, December 9, beginning at 6 p.m. in the school gymnasium.

A Sausage and Chile Supper will be served along with dessert and coffee. Each class will sponsor two booths, beginning with: sixth grade; Record Throw and Fish Pond; Seventh grade, Dart Throw, and Magic Show with "Tibby the Magician"; eighth grade, Nickel Slide; ninth grade, Fortune Telling and String Pull; tenth grade, Mouse Run and Spinning Wheel; eleventh grade, Spook House; twelfth grade, Bottle Throw and Advertisements.

The FFA Chapter will provide the Bingo Stand and FHA will have the Cake Walk.

## Year-End Check For Penney Employees

Associates at the J. C. Penney Company department store in Cameron received a year-end special payment Monday.

Manager J. C. Friesenhahn explained that checks went to regular and part-time associates employed on or before Dec. 31, 1965, with the exception of members of the management staff.

Friesenhahn said "The year-end special payment is one of many benefits shared by Penney associates throughout the Company. It is another way the Company demonstrates interest in the welfare of people who are responsible for its continued growth."

The payment this year is in addition to regular Company provisions for sick benefits, medical insurance, group life insurance, Penco Retirement Plan, discounts on purchases, and others.

## FOR PREVENTION OR HEALING... CALL A DOCTOR

THE CHURCH FOR ALL  
ALL FOR THE CHURCH

The Church is the greatest factor in world for the building of character and good citizenship. It is the source of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: 1. For his own sake. 2. For his children's sake. 3. For the sake of his community and nation. 4. For the sake of the Church itself, which needs his moral and material support. Let us go to church regularly and read your Bible daily.

### Clarkson

By Mrs. J. A. Blasienz  
Mr. and Mrs. Arthur Chollett and son Lester had as guests last Sunday her parents, Mr. and Mrs. Adolph Schulz of Burlington, and their daughters and their families. Mr. and Mrs. William Spicak and children Gaylene and David of Waco, and Mr. and Mrs. Robert Brock and children of Temple. Gaylene and David returned home with their parents after several days visit in the Chollett home.  
Mr. and Mrs. Alfred Kohring had as recent guests their son and family, Mr. and Mrs. Nelson Kohring and Paula of Irving.  
Jerry Mayer accompanied Mr. and Mrs. Walton Warshak and family of Burlington to Fredrick- ricksberg recently on a deer hunt. The Warshaks also visited relatives while there.

Mr. and Mrs. Otto Mayer visited Mr. and Mrs. Leon Kleypas and family of Buckholts during last weekend.

Mrs. Melvin Posvar and children Malinda and Alan Wade of Cyclone spent several days with her parents, Mr. and Mrs. Louis Skala the past week.

Mr. and Mrs. Jimmy Hauk and son of Buckholts were Sunday guests of his mother, Mrs. Joe Hauk and Mr. and Mrs. V. W. Hauk and children.

Mr. and Mrs. Charles Hassen- fratz of Amarillo announce the arrival of a baby son born on Nov. 26. He weighed 6 pounds, 8 ounces. He has been named Gary Andrew. Grandparents are Mr. and Mrs. Amos Doskoil of Clarkon, and Mr. and Mrs. C. N. Hassen- fratz of Ponca City, Okla.

joyfully, pushing the cart in front of him. But at last, veering around a corner, he rammed the cart into an unsuspecting woman shopper.

Painfully injured, the woman sued the management and won a substantial judgment. The court said there was plenty of time for store employees to have noticed Billy's antics and brought him to a halt.

**Case No. Two:**  
A woman shopper was standing at the checkout counter, her arms laden with groceries, when a heavy can of peaches slipped from her grasp. It landed squarely on the toe of a man behind her. And he too sought to collect from the man- agement for his pain and anguish.

But this time, the victim's claim was denied. The court said this was the kind of accident that not even careful supervision by the market would have prevented.

It is not rare, on a store's prem- ises, for one customer to carelessly cause injury to another. For as- sorted reasons the victim may sue not the customer who injured him but the management.

As the above cases illustrate, the store may indeed be held liable but only when the danger could have been reasonably foreseen and reasonably prevented.

What if there is some inherent danger in the merchandise itself? That adds an extra dimension to the store's policing responsibilities. Thus:

A gun shop that allowed a pa- tron to manipulate a loaded shot- gun was held liable when he ac- cidentally shot another customer.

And a sports shop that let golfers take practice swings in an un- guarded area was held liable when one man's club hit another man's head.

Suppose the customer is not merely careless but reckless or even vicious. As a rule that is not considered foreseeable, so the store is not to blame.

## Christmas Tree Tradition Had Start In Scandinavia

The lights of the Christmas tree, most beautiful when reflected in the eyes of a child, will bring peace and joy to millions of homes again this season, as they have for centuries.

But how did it begin? Why do we connect trees and lights with the birth of the Babe whom Chris- tians consider the Messiah?

There are several stories about the origin of the Christmas tree. People in Scandinavia once wor- shipped trees, and, World Book Encyclopedia says, they made evergreen trees part of Christian festivals when they became Chris- tians.

One legend tells how the first Christmas tree was shown in a miracle to the English missionary Winfrid (later called Boniface). More than 1,200 years ago, while traveling in what is now northern Germany, Winfrid found a group of heathens at an oak tree, about to sacrifice a child to the god Thor.

Winfrid stopped the sacrifice and cut down the "blood oak." As the oak fell, according to the legend, a young fir tree appeared. Winfrid said the fir was the tree of life, representing Christ.

The Germans probably were the first to decorate Christmas trees. They used stars, angels, toys, gilded nuts, and candies wrapped in bright paper, and later added tinsel and lighted candles. Scan- dinavians at one time trimmed their trees with little flags. Now they also use cookies, apples, and gilded nuts.

In the United States and Canada, homemade paper ornaments, can- dy canes, and strings of cranber- ries and popcorn were popular be- fore the advent of shiny colored balls and strings of colored electric lights.

Lights at Christmas represent Christ as the Light of the World. According to one story, Martin Luther puts lights on his trees to represent the glory and beauty of the stars above Bethlehem on the night of Christ's birth.

In the United States and Canada,

many churches hold candlelight services on Christmas Eve. People in Ireland, World Book says, leave a candle burning in the window. In The Netherlands, on the eve of Epiphany, young men carry the Christmas star - actually a lan- tern containing lighted candles - as they stroll through the streets singing hymns and carols.

No matter what the origin, the tree ablaze with lights is some- thing we remember from our earliest childhood ... and some- thing the very youngest children will begin to learn this Christmas.

### Burlington

By Mrs. George Logan  
Rev. and Mrs. Henry Davenport have arrived here from Arkansas where he has been pastor for some time. He began as pastor at Weatherford Baptist Church at South End Main. They reached Weatherford on Dec. 1.

Mr. and Mrs. Chester Rogers of Galena Park, Texas were at J. T. Williams' funeral in Fort Worth. Mr. Williams was her brother. They were accompanied to the funeral by another sister, Miss Bertha Williams of Rosebud. He leaves a daughter and wife and five grandchildren.

The following had Thanksgiving dinner with Mr. and Mrs. Walter Kosel: Fred Ohlenbusch of Okla- homa City, Mr. and Mrs. Harry Kelm and family of Waco, Mr. and Mrs. Thomas Stoeber and family of Austin, Mrs. Rosa Miller and Sadie Miller of Austin. All of the Kosel sisters and their hus- bands were present for the oc- casion.

Mr. and Mrs. Will Stoeber of Burlington were guests of their daughter, Miss Willie Mae Stoe- bner at Temple last Sunday.

### San Gabriel

By Mrs. H. H. Linke  
Mr. and Mrs. Dan Beason were in San Marcos on business Friday. They were in Temple on Wedne- day to see Dan's doctor at Scott and White where they got a good report on his broken leg. His doctor is going to allow him to put his weight on the leg now and he will go back for X-Rays on the 16th. If all continues as well as it has, he will be released then to return to his job in Dallas where he is foreman on construction work. The Beasons have been making their home here with their daugh- ter, Mrs. Larry Heine, since the accident.

Guests of Mr. and Mrs. William Stigall Monday through Wednes- day were Mr. and Mrs. Bill Moore of Odessa.

Mrs. Hugo Linke and daughter, Linda Devine were shopping in Temple Saturday.

Elaine Gambill is a patient in the Richards Hospital in Rockdale. She was given a blood transfusion on Monday.

Mrs. Andrew Garner is in Tem- ple this week where she is going through the clinic of Scott and White.

Mrs. Jim Stewart and Mrs. Hugo Linke were shopping in Austin Wednesday.

Mr. and Mrs. Buddy Limmer went to Bastrop Sunday to take their grandson, Garrett Lee to his parents' home. He stayed several days with his grandparents while his sister, Kimberly, was in the hospital with pneumonia. Garrett Lee and Kimberly are the children of Mr. and Mrs. Marvin Limmer.

Mrs. Holmes Pearce was dis- missed from the Taylor hospital Friday and is staying a few days in the country with her parents, Mr. and Mrs. W. W. Terry.

The Raney's of Pearland are house guests of Mr. and Mrs. Hugh McMillan this week.

## SELF ANALYSIS QUIZ

### How Different Are You?

By Jane Sherrod Singer

Are you the master or the victim of convention? Some of us are so busy being like "the crowd" that we have lost sight of our own powers of individuality. Granted that the world would be a confusing place if we were all "odd balls," it would also be dull if we were all "stick-in-the-muds." Vic- tim or master? Pick up your pencil and see.

- |   | YES | NO  |
|---|-----|-----|
| 1. Do you find yourself interested by many different types of people?   | ( ) | ( ) |
| 2. If, at a party, you find yourself conspic- uously under or over-dressed, is the even- ing still enjoyable for you? | ( ) | ( ) |
| 3. Do you wear clothes in which you feel comfortable even if they are not the lat- est style?                         | ( ) | ( ) |
| 4. Have you read some current books that you are excited about?   | ( ) | ( ) |
| 5. Do you enjoy the company of people who are younger than you?   | ( ) | ( ) |
| 6. Would you give up a "secure" job if you found it boring?   | ( ) | ( ) |
| 7. If your usual schedule is changed, are you upset?  | ( ) | ( ) |
| 8. Would you like to try living in a foreign country?   | ( ) | ( ) |
| 9. Do you sometimes tend to be careless about money?  | ( ) | ( ) |
| 10. Is it difficult for you to remember the dates of friends' birthdays or annivers- aries?                           | ( ) | ( ) |
| 11. Do you find you pick up new slang or passing expressions?   | ( ) | ( ) |
| 12. If you had a choice, would you rather live 50 years in the future than 50 years in the past?                      | ( ) | ( ) |
| 13. Do you ever walk across the grass in front of a sign that said Do Not Walk on The Grass?                          | ( ) | ( ) |
| 14. Do you belong to or plan to join a politi- cal party different from that of your par- ents?                       | ( ) | ( ) |
| 15. Do you find abstract art interesting and even exciting?   | ( ) | ( ) |
| 16. Is the place where you live decorated differently from that of your friends and associates?                       | ( ) | ( ) |
| 17. In group discussions, do you often find yourself fighting for a point not shared by the majority?                 | ( ) | ( ) |
| 18. As a design, do you prefer a loose spiral to a square?  | ( ) | ( ) |
| 19. Do you or would you like to have a simple wedding - or even elope?  | ( ) | ( ) |
| 20. Do you take a certain pride in being "different?"   | ( ) | ( ) |

**SCORING:** Give yourself 5 points for every "yes" answer. 80 to 100 points: You are full of ideas and imagination. You are also prepared to challenge convention, even if you may sometimes be hurt by your radical moves. Keep yourself a bit in check, but don't put out your own fire of creativity and self-reliance.

55 to 75 points: Often you are inspired to do extraordinary things. And sometimes you even do them. You are attracted to people who are daring. You like to go to out-of-the-way places and watch how others behave, but you are plagued by the suspicion that some of your friends do not always ap- prove of you. Your moderation has its own wisdom.

30 to 50 points: You violate custom only if you feel it will benefit you. You resent criticism, but you may have a ten- dency to criticize others. Since you adhere to convention, you are considered thoroughly respect-able. Just be certain that you never become dull.

0 to 25 points: You dislike being conspicuous, and are fear- ful of trying new things or ideas. In general, you would rather remain in some background, even fade into it. You are easily shocked and some people are afraid of you. But you have many friends who are just like you, with your beliefs, customs and standards. You are probably considered a good law-abiding member of your group.

## DID YOU KNOW

The total output of Texas wood-using plants is worth nearly \$1 billion annually. They account for about one-tenth of the total manufacturing plants, one-tenth of the total employees engaged in manufacturing, and for over 5 percent of the value of all products made in Texas. Employees in Texas' forests and forest industries earn more than \$150 million annually in salaries and wages.

## TAKE ALONG A PAL

There are many good reasons why you shouldn't fish alone.

Accidents and sudden sickness do strike even the most robust of us. Having a buddy nearby could mean the difference between life and the grim old boy with the skyhook.

Furthermore, a good friend's company triples the pleasure of any fishing or camping trip.

And by sharing the catch, two anglers double the chances of bringing home fish for the skillet.

## PRESERVING GLASS RODS

One of the happy facts about using glass fishing rods is that they need so little care.

Wood or metal rods need frequent varnish freshening, but glass rods take only a little dab of wax every now and then to keep them looking like new.
